### President's Message By Mike Alfieri

Hi everyone!

We had a nice meeting this month and we had a nice turn out at the JUNKYARD Café in Simi Valley. I would like to thank Orin for arranging all of our monthly lunches after our meetings, he has been doing this for quite a while and makes sure we have a good place to visit with other members and good food to eat. We are in good shape for our Car Show on May 4th, I can't believe it's only a week away now. We will miss Alan and Edie this year. I would also like to thank everyone who volunteered to help make the car show a success, it's a lot of work with set up on Saturday, then getting up at "O" dark thirty on Sunday, getting all the cars parked, working all the booths, and the tear down at the end of the show after a very long day. I would also like to thank all the members who made very generous donations too. The show takes a tremendous team effort and many members stepped up to the plate to help. I am looking forward to see everyone on May 4th at the show.

## THE STORY OF US

I first met Pete when we were in the same bookkeeping class at Granada Hills High School, he didn't give me a second look, Pete also lived down the street from me. I would see him drive by my house in his yellow '57 Chevy, I had a Red '56 Bel Air. One day I was in my bikini, in the front yard doing some yard work that my Dad would make me do, he saw me, he thought "I really need to ask that girl out", I was 17 at the time. I graduated from Kennedy High School in the valley and one day while I was at work he came to my house and asked for me. my mom answered the door, she told him I wasn't home and said "would you like her phone number" he said "yes" and gave it to him. For all she knew he could have been a shady person. Well, I was dating another guy and he was dating another girl, he called anyway, and we went out, and after a couple of dates we decided we really liked each other, / and he confessed he was dating someone and I confessed I was dating someone, so we both decided to break off those relationships and become a couple. A month later we were engaged!

And 11 months after that we married.

People at our wedding said that they would give us 6 months and then go our separate ways, cause we were so young 18 and 21 years old and only know each other a short time. Well that was 51 years ago, on June 1st 2025. I guess we showed them now didn't we and I love him more today than I did when I married him back then. We have built a beautiful family with 2 successful sons and 4 beautiful grandchildren that we love very much. Love you to the moon and back Pete.

Love,
